To Whom It May Concern:

Spring Moon S&D, Inc. provided interior signage for the renovation of the Lakepoint State Park Lodge & Guest Wings in Eufaula, Alabama.

The signs and frames provided by Spring Moon were in accordance with the specifications and were fairly priced. Overall, we were well-pleased with the quality and accuracy of the signage.

We would recommend Spring Moon S&D for your signage needs, and we will consider them for future projects as well.

Sincerely,
